

## Vantra LT (RA18)

### Improved durability and internal anti abrasion qualities

A summer radial tire for commercial vans and transport vehicles, the Vantra LT provides excellent durability, increased mileage as well as excellent wet performance and a balanced footprint. Even under heavy loads, stability is maintained, increasing driver safety.

### Tire Pattern

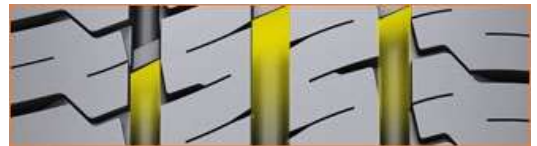

#### Application of 3-channel wide grooves

Reduces hydroplaning and increases performance and safety at high speed.

#### Optimum groove location width with durable contact patch technology

Optimized groove position ensures stability in the outer grounding footprint area.

#### Apply new 3D lateral groove

Enhances performance in snow and wet conditions without sacrificing block strength.

#### Optimized pattern noise

Apply center rib in center area.

#### Apply optimized block stiffness

Reduces wear and increases dry braking performance.

#### Apply sidewall protect shield

Prevents sidewall damage from the curb stone using low pressure conditions.

## Tire Structure

### Reinforced belt

- Ensures durable performance through reinforcement belt layer.

### Double steel belt

- Ensures durability for the tire.

### Inner liner

- Prevents air leakage and maintains the internal pressure.

### Carcass

- Maintains tire shape.

### Bead filler

- Enhanced rim joint stiffness for handling performance.

### Bead wire

## Specification

Size	Labeling			Load Index	Speed Symbol
	Fuel Efficiency	Wet Grip	External Rolling Noise		
195R15	E	C	70	104	R
205/70R15	C	B	70	104	R
215/65R16	X	X	X	107	R
215/70R16	X	X	X	106	T
